

EXT. FAROE ISLANDS - HILLSIDE - EVENING

Ben is standing alone on the hill. Nellie runs out to him, hugs him tightly.

NELLIE

How much time do you have?

BEN

What did she tell you.

NELLIE

Everything. Ben... I met her. She's beautiful. She's exactly like you.

(beat)

How long do you have left?

BEN

I don't know. Maybe a minute.

NELLIE

You need to see her.

BEN

I can't.

NELLIE

Yes you can.

BEN

(breaking down)

I don't want to hurt her. If she touches me... it's too dangerous.

But Grace is outside, on the doorstep, looking out at him. Farrah steps up behind her, also looking at him.

BEN (CONT'D)

Shit...

NELLIE

Hey. It's not over yet. Feel this?

(puts hand on his chest)

You're still breathing. Long as you're breathing, you don't give up.

Ben walks toward Grace. Farrah whispers something in her ear and sends her out to him. They meet a few steps from the house.

**Grace - Scene
START**

BEN

Hi.

GRACE
What's your name.

BEN
I'm Ben.

GRACE
Hi Ben. I'm Grace.

BEN
I know.

He bends down, hands her the small wooden figurine he's been working on. Her face lights up.

GRACE
You're the one...

She runs to him, hugs him. He's overwhelmed with emotion.

GRACE (CONT'D)
Thank you.

He hugs her back.

BEN
You're welcome. This one is
special. There are numbers on the
bottom. It's a puzzle. When you're
older, go there and you'll find
something I left for you.
(whispers)
It's a treasure.

She looks excited, then sees his tears.

GRACE
Why are you crying?

BEN
Because I'm going to miss you.

GRACE
It's okay, you can come back and
visit. I have a piano. We can play
together.

BEN
I'd like that.

His watch starts to go off. He steps back quickly.

BEN (CONT'D)
Good-bye Grace.

GRACE
Good-bye Ben.

End of Scene

Grace walks back to her mother, who smiles at Ben. ARTHUR (30's) is there as well, holding Farrah. He smiles at Ben as well.

Farrah smiles, gives him a nod. Then she ushers Grace back into the house.

FARRAH
Come on sweetie, you hungry?

Nellie steps up to Ben as he silences his watch. A strong wind starts to blow.

BEN
You don't have to do this.

NELLIE
I know.

She embraces him tightly.

NELLIE (CONT'D)
What happens now?

BEN
Doesn't matter.
(beat)
Nellie?

NELLIE
Yeah?

BEN
Thank you.

The wind grows stronger. The ground starts to rumble. He starts humming "Don't Worry, Be Happy," swaying slightly in a slow dance.

Push in on them as they flash through location after location, faster and faster, until they start to become a blur, a blistering rush...

FADE TO WHITE.

FADE OUT.
