Story: An unlikely love story which spans 25 countries and 7 continents. Nellie, a sheltered city girl is thrust together (by some mysterious force) with the world's ultimate survivalist Ben, who has a unusual condition that he can't explain.

Feature film shooting around the world fall 2019. A cross between "About Time," "Before Sunrise" and "Samsara." This film crosses genres and is a narrative/ documentary hybrid.

Actors *must* have a strong case of wanderlust and a good sense of adventure. If any fear of flying, heights, water, bugs, etc., this is not for you. Strong comedic and improvisational skills required.

Thank you for your submission!

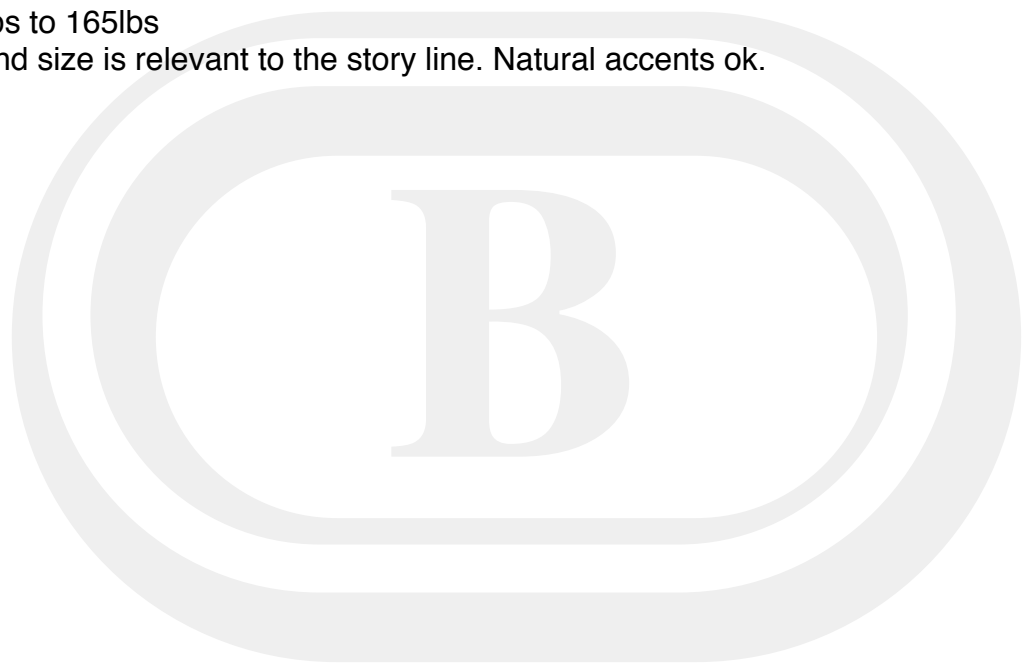

[BEN] Male / All Ethnicities / 22 - 25. He's the ultimate survivor. Alone since the age of 6, raised by a myriad of strangers - police, orphanages, primitive tribes - he's faced every imaginable threat, natural or manmade. And through it all, he has learned one thing: how to survive.

But you wouldn't know it from looking at him. He's a clean freak. He's organized. He has systems and routines for everything. He's a master of being alone. He's charismatic when he needs to be and brutal when necessary, and keenly aware of the difference between "needs" and "wants".

He's made friends and enemies all over the planet, some of which still haunt him. ***He's deeply scarred by loss: anyone or anything he's ever loved has been ripped away from him. Thus, the only thing he's truly afraid of is the one thing he wants the most: connection.***

- * Ben has a condition. Every day he wakes up somewhere new. He can't explain it or control it. He has no idea where on Earth he's going next. And since the increments of time are growing shorter, he's only got a few weeks left.
- * Must have comedic skills.

NOTE: Looking for 18-21 yr old to play early 20's,
height 5'8" to 5'11",
weight 145lbs to 165lbs
Ben's age and size is relevant to the story line. Natural accents ok.

[**NELLIE**] Female / All Ethnicities / 18-23 (to look younger). She's intelligent, creative, and disillusioned. Bursting with wanderlust, but also terribly afraid of heights and thus has never gone near an airplane. She's never once left her hometown.

No one knows how hard she works to seem "normal". On the surface, she's smart, calm and beautiful. Underneath, she's profoundly out of place and alone. Having lost her mother at a young age, she lives to make her single father proud.

She's been accepted into a great school close to home and is dedicated to idea of settling down and creating a "normal" life. The only problem is, she doesn't want any of it. What she really wants is beyond the limits of her hometown, tantalizing but out of reach.

NOTE: MUST BE LEGAL 18 and also appear young. Petite/Medium.
Nellie's age is relevant to the story line. Natural accents ok.
