

Leslie M. Brown

Casting Director

Dear Parent,

You were referred to me as someone who might be interested in having your child participate in our NON-UNION feature film "NOMAD" film project. We will be filming her scene locally on The Faroe Islands around September. The exact date has not been set yet.

You are invited to upload a Self-Taped AUDITION of your child for the" for the role of GRACE. Instructions should be attached to the email you received but are also downloadable from here:

<https://www.lesliebrowncasting.com/nomad-downloads-gracefarrah>

GRACE: Female / Caucasian / Age 6.

She is creative, gentle, naturally empathetic. Also described as shy, quiet in volume, and speaks slowly in the scene. In the scene, when BEN gives her the figurine, she should take her time really looking at it, and not rush it. It is a slow, grateful realization that he is the one who has been giving her these gifts, and it has meaning for her (empathetic).

Accent: Danish, Dutch or Scandinavian. Location: Faroe Islands. Rate for this role is: \$2190US week / \$630US day

Complete the self-taped audition and get it to us within 72 hours via the DropBox instructions ONLY. For best tips on Self-Taping, search on YouTube for "How to Self-Tape at Home" published by Spotlight. At the producers' request, please do not upload any audition videos for this project to YouTube or Vimeo.

Note on accents: Please do the performance with the local Faroese accent - NOT American. GRACE - seeking Danish/Dutch/Scandinavian. It's not a big concern if the lines aren't memorized perfectly for the role of GRACE. She may also say one or two things in her own language.

Kindly,
Leslie

Thank you for your submission!
